Re: Request for Corrected Notice of Publication of Application  
Serial No.: 09/927,972 Filing Date: 08/10/01  
My Docket No.: TSYs-25,410

Dear Sir:

Enclosed is a copy of a Notice of Publication of Application with the needed correction noted on its face. The inventor's name is misspelled on this Notice by the addition of an erroneous "r" in the inventor's last name. All other correspondence we have sent to and received from the Patent Office has reflected the correct spelling of "Gandy" as the last name of the inventor.

Please make this change to the filing receipt and if any charges result, please charge such charge to my Deposit Account No.: 50-0232.

Thank you for your attention to this matter.

Respectfully yours,

*F. Lindsey Scott*

### NOTICE OF PUBLICATION OF APPLICATION

The above-identified application will be electronically published as a patent application publication pursuant to 37 CFR 1.211, et seq. The patent application publication number and publication date are set forth above.

The publication may be accessed through the USPTO's publicly available Searchable Databases via the Internet at [www.uspto.gov](http://www.uspto.gov). The direct link to access the publication is currently <http://www.uspto.gov/patft/>.

The publication process established by the Office does not provide for mailing a copy of the publication to applicant. A copy of the publication may be obtained from the Office upon payment of the appropriate fee set forth in 37 CFR 1.19(a)(1). Orders for copies of patent application publications are handled by the USPTO's Office of Public Records. The Office of Public Records can be reached by telephone at (703) 308-9726 or (800) 972-6382, by facsimile at (703) 305-8759, by mail addressed to the United States Patent and Trademark Office, Office of Public Records, Crystal Gateway 4, Room 335, Washington, D.C. 20231, or via the Internet.

In addition, information on the status of the application, including the mailing date of Office actions and the dates of receipt of correspondence filed in the Office, may also be accessed via the Internet through the Patent Electronic Business Center at [www.uspto.gov](http://www.uspto.gov) using the public side of the Patent Application Information and Retrieval (PAIR) system. The direct link to access this status information is currently <http://pair.uspto.gov/>. Prior to publication, such status information is confidential and may only be obtained by applicant using the private side of PAIR.

Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at (703) 305-3028.
